THE SUMMER SESSION AT MARY WASHINGTON COLLEGE

The Summer Session is designed for the interests and educational needs of many students. The May session, of three weeks duration, is designed for any typical student attending a college that operates on an early semester plan. Classes normally meet for three hours a day for five days a week. In this session, a student may earn three or four semester hours of credit and still be free for employment and for vacation in June, July, and most of August.

The June and July sessions can meet the needs of college students and adult learners. Courses are offered throughout the day and in the evening. Daytime classes in the June and July sessions normally meet for two hours a day, five days a week, for four weeks. Most evening classes in these two sessions meet for two and one-half hours Monday through Thursday. Some evening classes, however, meet for two and one-half hours, twice a week, for seven or eight weeks. It is possible to receive six or seven credits in each of the two sessions. All together, that is in the May, June and July terms, a student can earn a full semester of credit which is fifteen or sixteen hours.

Qualified rising high school seniors may wish to "taste" college work by selecting a course or two offered in the July term. School teachers may wish also to expand their learning during the July term or by taking late afternoon and evening courses in the May and June terms.

Finally, there are workshops designed for specific purposes and for specific people. The Summer Session has something for everyone. Enroll now and be ready for classes when they begin.

ENROLLMENT POLICIES FOR THE 1981 SUMMER SESSION

Students who wish to enroll for the Summer Session must complete the appropriate forms in the back of this catalogue and file them with the Director of Summer Programs. Students may: (1) apply, register, and pay fees by mail; or (2) apply, register, and pay fees on the days of registration. Students who are applying for one of the courses with field experience or for courses meeting at differing times should pay particular attention to the deadline dates shown with the course descriptions.

An enrolled student who withdraws without officially notifying the Office of Student Records will automatically receive a grade of "F" for all courses enrolled and will be required to pay the full amount of tuition and general college fees.

Transcripts of Summer Session courses completed may be requested in writing from the Office of Student Records, 215 George Washington Hall, and the transcript will be mailed to the institution or agency of choice by the student. THE HONOR SYSTEM AT MARY WASHINGTON COLLEGE

The Honor Code at Mary Washington College serves to provide mutual trust between the students, the faculty, and the administration. The Honor System functions as the primary unifying force to promote and maintain the atmosphere of freedom and trust that is essential to intellectual growth and maturity. The students at Mary Washington feel that an operative Honor Code contributes to this atmosphere by assuring that courses of study are pursued independently and freely to each student's satisfaction. The perpetuation of the Honor System relies upon the interaction of each student in his support of the System.

The Honor Code is founded upon certain assumptions and premises which every student must fully understand in order to actively support the System. Our system is based on a strong belief in the necessity of the fundamental honesty and integrity of each member of the college community. The student's integrity is the very spirit of our way of life at Mary Washington College.

Each student must realize that by accepting admission to Mary Washington he has acknowledged his obligation of commitment to the provisions of the Honor Code. Upon matriculation at the College, each student is counseled on both the ideas and the specifics behind the Honor System. Following counseling, each student must sign an Honor Pledge Card, thus endorsing a code which prohibits lying, cheating, and stealing. It is only with this acceptance of the code that a student is considered to be an actual member of the community.

In keeping with the belief in the integrity of all students here, the Honor System also assumes that an accused person is innocent until proven guilty. It is necessary that an accusation against a student be made by another student, a teacher, or College official before any action can be taken by the Honor Council. The Honor Council, composed of eight elected representatives and an elected president, is responsible for interpreting the Honor Code and for seeing that no student is found guilty without a fair hearing. This council is convened only at the request of the student accused of the violation. It has no investigative powers at all; these rest completely with the accuser.

The Honor System at Mary Washington recognizes that the student is a mature person who is responsible for his own actions. It does not function solely as a system of rules and regulations but complements the academic environment. The idea of having an Honor System originated with the students; likewise, the enforcement and continuation of the system is in the students' hands.

The benefits of the Honor System are many. The feeling of trust among students, teachers, and College officials contributes greatly to the amount of freedom extended to each individual. One's word of honor is accepted as such. Instructors often give take-home tests, and tests and exams are unproctored. Students are free to browse leisurely in the bookstore and in the stacks of the library. As in any atmosphere of freedom, there is also present the need for responsible action to protect that freedom. An active awareness of this responsibility contributes to the maintenance of the spirit of the Honor System, making it more than just a cherished tradition or ideal. It is, indeed, a life force within the community, an integral aspect of Mary Washington College.

Prepared by the Honor Council

All students who are new to Mary Washington College should read carefully the information about the Honor Code at the College. The Honor Pledge must be signed and returned with the application materials.

GRADES WILL BE WITHHELD UNTIL THE HONOR PLEDGE IS SIGNED AND ON FILE AT THE COLLEGE.

Parking spaces are limited, and priority must be given to faculty and staff members meeting job requirements. No student car is to be parked on Campus Drive (except in the 15-minute time zones) between the hours of 8:00 a.m. and 5:00 p.m. Monday through Friday. The entire length of the main road, from gate to gate, is reserved for faculty and staff cars and visitors conducting business with the College.

Cars should be registered at the Office of College Police during regular office hours on May 11 and 12; June 1 and 2; and June 29 and 30. A valid operator's licence and the car registration card must be presented at the time of car registration.

Identification cards may be obtained through the Office of College Police from 4:30 to 7:30 p.m.:

May 11 June 1 June 29

You must present your Registration and Fees Sheet marked paid by the Comptroller's Office before an identification card for the Summer Session will be issued. Your identification card is essential for checking books out of E. Lee Trinkle Library and for those who live in College housing for obtaining meals from Seacobeck Dining Hall.

Class Meeting Days

Fifteen semester hours of credit plus one hour of physical education may be earned during the summer session. Maximum student load may be two courses during the June term, two courses during the July term, and/or one course in the May term. Except as indicated, each course carries a credit of three semester hours. Classes meet daily, Monday through Friday, unless noted otherwise (M-R for Monday through Thursday; M-S for Monday through Saturday; MWR for Monday, Wednesday, and Thursday; T & R for Tuesday and Thursday; M,W for Monday and Wednesday)

Policy Statement on Class Cancellation

The classes shown in the summer schedule will be taught except when unforeseen circumstances arise. In those cases, the College reserves the right to cancel any course. Such circumstances might include illness of the instructor, an enrollment fewer than eight students, or for other reasons. A student registering for a course that is subsequently cancelled will be given the option of enrolling for another course or receiving a full refund of fees paid.

ADMISSION AND REGISTRATION INSTRUCTIONS
FOR STUDENTS ATTENDING THE 1981 SUMMER SESSION
MARY WASHINGTON COLLEGE
OFFICE OF SUMMER PROGRAMS

A student must be admitted to the Summer Session at Mary Washington College before he or she may register for classes and reserve college housing. Forms are enclosed which, when completed and the fees paid, will accomplish these processes. The forms included are the Summer Session application (complete both sides), the Virginia In-State Tuition Form (complete both sides) if you wish to claim Virginia domicile for reduced tuition purposes, the Registration and Fees Sheet, and the Housing Application, if needed. The processes can be completed either by Mail or at On-Campus Enrollment.

Questions regarding any of the following processes should be addressed to the Director of Summer Programs, Mary Washington College, Box 3575 College Station, Fredericksburg, Virginia 22401 or by calling (703)899-4614.

Mail Enrollment. A student enrolling by mail must complete all of the enclosed forms that are appropriate and pay all fees when the forms are returned. Mail enrollment for the May term must be received by May 6, for the June term by May 27, and for the July term by June 24. All information requested on the forms must be provided in the appropriate spaces. Failure to complete all forms will delay the enrollment process. Time permitting, a student will be mailed a listing of the course(s) for which he or she is enrolled. No letter of acceptance will be mailed. See below the description for completing the Registration and Fees Sheet.

On-Campus Enrollment. A student may enroll in person between the hours of 4:00 and 7:00 p.m. on the following Mondays: May 11, June 1, and June 29. The enrollment process will be accelerated by arriving with all forms completed.

A student who will take courses in more than one summer term may register for courses in other terms at the first appropriate registration date. This will eliminate the need to be present for subsequent registration periods. The enrollment process will be accelerated further by arriving with all forms completed. The student must be prepared to pay all fees at the time of registration. See below the description for completing the Registration and Fees Sheet.

Registration for Courses Taught at Special Times. The dates for these courses are shown in the course descriptions. A student who plans to enroll for one or more should do so by mail or register on the first day of one of the regular terms. Students registering only for a course beginning after the first day of a regular summer term should register by mail or on the first day of the course at a time which does not interfere with class attendance. See below the description for completing the Registration and Fees Sheet.
